**ABOVE AND BEYOND PERFORMANCE INCENTIVES**  
**Section 5.006**

Book 1, Page 63

The Governor's Fiscal Year 2022 budget includes appropriation authority for Above and Beyond performance incentives. The program is designed to incentivize these individuals to continue this high level of performance and others to raise their game. With the goal of retaining those identified as top performers and the anticipation that these top performers will continue to deliver exceptional results, the request for funding will provide top performers with a temporary salary increase for the services to be performed over the next year. The amount for each department is based on performance incentives of 5% for the top 10% of employees with incentives capped at \$2,500 per employee.

Book 1, Page 90. The State is in the process of replacing SAM II, the State's legacy Enterprise Resource Planning (ERP). This funding request is for additional FTE needed to implement the Budget and Finance/Procurement modules which are scheduled to begin implementation around 7/1/2021. The Budget implementation is expected to last 13 months. The Finance/Procurement implementation is expected to last 24 months. This request is for the technical experts necessary to ensure a successful implementation. This request was based on a review of successful and less successful ERP implementations across the country, and recommendations from ISG who is on contract to assist the state with modernization efforts. House reduced recommendation by \$691,038 PS and \$7,350 E&E and 10.74 FTE. Senate recommended the same funding level as the Governor. Conference agreed with House position.

**Section 5.015**

Book 1, Page 109

Section 37.130 RSMo provides that the demographic unit in the Office of Administration “shall provide requested assistance in all reapportionment matter”. The United States census occurs April 1, 2020. Missouri needs to prepare census, geographic, ad election databases for reapportionment efforts following the census. This core provides temporary staff and resources to support reapportionment activities including software and equipment purchases, training, data compilations, setting up a redistricting office, creating and maintaining a website for public use, coordinating public meetings and travel, filing draft and final plans with the Secretary of State, making maps of new districts available to elected officials, and providing data and support in the event of legal challenges.

## **IT INTER-DEPARTMENT CONSOLIDATED CORE**

### **Section 5.020**

Book 1, Page 115

Per Executive Order 05-07, the management of State Information Technology resources was consolidated under the Office of Administration in FY06. Consolidation places IT resources under the direct control of the State's Chief Information Officer, who will assess the IT staffing and equipment requirements, which should result in a more coordinated use of IT resources. This section contains the operating funds for each of the division's sections including Infrastructure, Operations, and Administration. In addition, this section includes funding for information technology services provided to the 14 departments included in the consolidation.

The CDO will be authorized to oversee each state agency's management of electronic data for purposes of evaluating appropriate management and security of the data. They will be responsible for the utilization and governance of data across all consolidated agencies. Among other duties, the CDO will be responsible for defining data and analytics strategy practices, leading the creation (and assure the ongoing relevance) of the State's data and analytics strategy in collaboration with the CIO and Cabinet IT Governance Council (CITGC). House did not recommend funding. Senate did not recommend funding.

Microsoft is discontinuing Access in October of 2025, at which time the application will no longer be supported, which could create security and productivity issues. This request is for the funding necessary to begin a multi-year project to modernize the systems currently using Microsoft Access. This funding will be used to hire a third-party who specializes in system assessment to develop a multi-year plan to modernization the critical Access applications used for conducting State business. House did not recommend funding. Senate recommended the same funding level as the Governor. Conference agreed with House position.

Book 1, Page 157. This request is to continue funding server and user licenses for the state to utilize Tableau (a data analysis software). These licenses were initially purchased using federal stimulus funds, in order to create the Show Me Strong Recovery Dashboard. This request is needed to continue funding the annual license fees once the current contract term expires in July, 2021. ITSD worked with the consolidated agencies to determine the need and fund split for this request. House reduced request by GR \$1,180,655 and recommended \$680,655 Federal State Emergency Management Federal Stimulus Funds (all one-time). Senate recommended the same funding as the Governor. Conference agreed with House position.

Book 1, Page 201. ITSD currently supports the hardware maintenance cost of the scanners. Over the past three years, DOR has acquired four new and replacement scanners associated with this system's contract, and ITSD will not be able to support the increased hardware maintenance cost. Without this funding request to pay the increased maintenance costs, DOR risks a failure of a critical component part of the remittance processing system without adequate or timely response to address the problem. The Remittance Processing System and associated hardware/software is responsible for an estimated annual deposit of over \$4 billion and contributes to average daily deposits of approximately \$57 million.

Book 1, Page 206. This request is to replace the Department of Revenue's (DOR) motor vehicle and driver license (MVDL) systems, which are becoming increasingly difficult and expensive to use and maintain. Mainframe costs will continue to increase as other state agencies transition to newer technology. This funding is requested to pay for any vendor deliverables, pay for contract employees and necessary maintenance costs that may occur. This project will span over three years to fully implement a new motor vehicle and driver licensing integrated system. This project is estimated to be \$35,000,000 per year over three year for a total of \$105,000,000. The exact cost and timeline will not be known until a vendor is selected. Governor did not recommend. Senate recommended \$27,000,000 from a fund created in SB 46 (2021). Fund is MV Admin Tech Fund. Conference agreed with Senate position.

Book 1, Page 211. Since FY 16, the costs incurred by the Integrated Tax System's use of the State Data Center have been paid out of the DOR appropriation for the Integrated Tax System. Since ITSD performs the cost-generating functions related to the integrated tax system's use of the State Data Center, the annual costs should be paid by ITSD. This will align DOR with how other state agencies pay for State Data Center costs. A significant amount of the state's revenue is received and processed through the integrated tax system. State Data Center costs will need to be paid to ensure accurate and efficient collection of the state's general revenue.

Book 1, Page 157. This request is to continue funding server and user licenses for the state to utilize Tableau (a data analysis software). These licenses were initially purchased using federal stimulus funds, in order to create the Show Me Strong Recovery Dashboard. This request is needed to continue funding the annual license fees once the current contract term expires in July, 2021. ITSD worked with the consolidated agencies to determine the need and fund split for this request. House reduced request by GR \$1,180,655 and recommended \$680,655 Federal State Emergency Management Federal Stimulus Funds (all one-time). Senate recommended the same funding as the Governor. Additional funding is available through the Families First Act and the Coronavirus Aid, Relief, and Economic Security Act to allow the Department of Labor and Industrial Relations to provide administrative support to the Division of Employment Security. A supplemental was appropriated in FY2020 and another requested for FY2021 for this purpose. Additional authority is necessary in order to expend this funding for the project that is estimated to be ongoing through FY2023.

Book 1, Page 157. This request is to continue funding server and user licenses for the state to utilize Tableau (a data analysis software). These licenses were initially purchased using federal stimulus funds, in order to create the Show Me Strong Recovery Dashboard. This request is needed to continue funding the annual license fees once the current contract term expires in July, 2021. ITSD worked with the consolidated agencies to determine the need and fund split for this request. House reduced request by GR \$1,180,655 and recommended \$680,655 Federal State Emergency Management Federal Stimulus Funds (all one-time). Senate recommended the same funding as the Governor. Conference agreed with House position.

Book 1, Page 157. This request is to continue funding server and user licenses for the state to utilize Tableau (a data analysis software). These licenses were initially purchased using federal stimulus funds, in order to create the Show Me Strong Recovery Dashboard. This request is needed to continue funding the annual license fees once the current contract term expires in July, 2021. ITSD worked with the consolidated agencies to determine the need and fund split for this request. House reduced request by GR \$1,180,655 and recommended \$680,655 Federal State Emergency Management Federal Stimulus Funds (all one-time). Senate recommended the same funding as the Governor. Conference agreed with House position.

Book 1, Page 157. This request is to continue funding server and user licenses for the state to utilize Tableau (a data analysis software). These licenses were initially purchased using federal stimulus funds, in order to create the Show Me Strong Recovery Dashboard. This request is needed to continue funding the annual license fees once the current contract term expires in July, 2021. ITSD worked with the consolidated agencies to determine the need and fund split for this request. House reduced request by GR \$1,180,655 and recommended \$680,655 Federal State Emergency Management Federal Stimulus Funds (all one-time). Senate recommended the same funding as the Governor. Book 1, Page 365. The State is in the process of replacing SAM II, the State's Enterprise Resource Planning (ERP). The system is critical and supportive to all segments of State government including, but not limited to, payroll, vendor payments, budgeting, and tax reporting. The software for the new ERP is currently in procurement, and the contract award is expected to be awarded around January 2021, and a contract for the implementation consultant is expected to be awarded around June 2021. Cost estimates for the software, implementation services and vendor oversight are expected to be approximately \$23.8 million in FY22. The request represents the portion of those costs which exceed the available core funding. House recommended fund switching \$2,000,000 from GR to E Procurement & Technology Fund. Senate agreed with House position.

**LEAN EFFICIENCY AND COST REDUCTION PROGRAM**  
**Section 5.XXX**

Book , Page

This funding is being requested to launch a program to train a team of best-in-class practitioners in business process redesign. Such a continuous improvement capability does not exist in the state government; it is, however, critical to driving efficiencies and eliminating waste at scale. This program will build a core team with personnel drawn from all 16 executive state departments. The team will be trained in private sector best practices such as Lean and its variant, Lean Six Sigma. These methodologies rely upon team efforts to identify and design solutions to strip waste out of processes while maximizing customer/citizen experience. The team's efforts will be focused on priority projects identified by the Chief Operating Officer, Commissioner of Administration, and the leaders of the executive departments.

**PERFORMANCE COMPENSATION STUDY**  
**Section 5.XXX**

Book , Page

Transforming how the state workforce is incentivized and rewarded is central to the broader reform of the State Government and adoption of proven best practices from the private sector and other governments. Pay or Reward-for-Performance is a system of employee recognition and reward that links compensation to measures of work quality or goals. This common-sense approach has been proven success in the private sector and some other governments. Missouri's past effort with the PERforM system did not deliver the intended results. To achieve its goal of implementing a best-in-nation approach, Missouri will require world-class expertise and support.

**Section 5.090**

Book 2, Page 463

The Division of General Services provides the Office of Administration and all state agencies with a variety of central government functions. State Printing offers reproduction services including design, printing, finishing, and quick copy services. Mail Services advises agencies on mailing practices, provides mailing services to the Office of Administration and conducts interagency delivery of mail within the Jefferson City area. Risk Management administers the Legal Expense Fund and the workers' compensation program for state employees, purchases insurance when appropriate, and monitors policies and claims. This section also coordinates the Statewide Safety Steering Committee and advises state agencies on risk management issues. Vehicle Maintenance operates a centralized maintenance facility to provide mechanical repairs and body shop services for state vehicles based in the Mid-Missouri area. Fleet Management establishes statewide policies governing state vehicle operations and management; coordinates a centralized fleet information system and serves as a resource for fleet management issues.

Book 2, Page 593. Effective December 6, 2018, Missouri legalized medical marijuana by a constitutional amendment that created an appeal right to the Administrative Hearing Commission. The AHC received over 850 medical marijuana appeals. The AHC is requesting \$74,800 (E&E) from the Mo. Const. art XIV (Mo Veterans Health Care Fund 0606) for 22 days of court reporting services, the daily price of contract reporting is approximately \$850. The AHC is also requesting \$115,000 PS, and \$8,000 in associated E&E, for 2 full time attorneys as medical marijuana appeals require the AHC to handle significant discovery, hold multi-day hearings, and draft detailed orders and decisions.

The Children's Trust Fund (CTF) needs additional OTHER authority (fund 0694) to allow the CTF to expend additional revenues, including new grant funding, for Community-Based Child Abuse Prevention as well funding for emerging needs associated with COVID-19 and other environmental factors. Without additional authority, the CTF will be unable to release additional funding to support communities in responding to economic challenges and Missouri children who are facing increased risks associated with COVID-19. Additional spending authority would give CTF the ability to release funding in response to emerging threats to children's safety.

Book 2, Page 759. This request is to pay for debt service on \$60 million in bonds issued for campground and cabin construction projects at numerous Missouri state parks. Debt service will be paid from the State Park Earnings Fund and come from additional revenue generated from the construction projects. Bonds will be issued by the Board of Public Buildings and will be 20 year bonds. Senate recommended additional funding with the intent to add a project to the list in the Capital Improvements bill (HB 19). Item was funded with cash in the Capital Improvements bill (HB 19) so additional funding for the bond payment is unnecessary. Conference agreed with House position.

This appropriated transfer mechanism allows the Division of Accounting to correct prior fiscal year revenue transactions that were erroneously deposited into the incorrect fund. After a fiscal year has ended, revenue "correction" documents cannot be processed.

This appropriated transfer is requested specifically to allow the transfer from the fund that erroneously received the deposit in a prior fiscal year to the correct fund in the current fiscal year.

**CENTRAL SERVICES COST ALLOCATION**  
**Section 5.285**

Book 2, Page 834

An accepted accounting practice, allocations recover costs for services provided to other entities. For instance, the federal government allows the State of Missouri to recover overhead costs for federal programs through a Statewide Cost Allocation Plan (SWCAP). Using standard accepted accounting methods, the Central Services Cost Allocation Plan (CSCAP) recovers the costs of providing services to various state funds including those provided by the Office of Administration, the Department of Revenue, the Governor's Office, the Lieutenant Governor's Office, the Secretary of State's Office, the State Auditor's Office, the Attorney General's Office, the General Assembly, and the Capitol Police. To determine a fund's participation eligibility, the Office of Administration systematically analyzes relevant constitutional provisions, statutory language, fund revenue sources, and other appropriate considerations.

**REFUND –FLOOD CONTROL AND NATIONAL FOREST RESERVE**  
**Section 5.295 & 5.300**

Book 2, Page 863/868

Flood Control Program: The Department of Defense/US Army Corps of Engineers disburses 75% of funds received from lands acquired for Flood Control, Navigation, and Allied Purposes to compensate local taxing units for the loss of taxes from federally acquired lands. Counties receiving the funds expend the money for the benefit of public schools and public roads in the county.

National Forest Reserve Program: This program distributes funding to counties in which National Forests are located. Revenue is received by the federal government for mineral leases, rentals, concessions, and timber from National Forest lands. A quarter of the revenue is returned to the states. The Office of Administration acts as a 'pass-through' agent, distributing the revenue to the counties according to a schedule provided by the U.S. Departments of Agriculture and Interior. Counties receiving the funds expend the money for the benefit of public schools and public roads in the county.

**AID TO REGIONAL PLANNING COMMISSIONS**  
**Section 5.310**

Book 2, Page 883

Funds appropriated for grants to qualified Regional Planning Commissions are distributed in accordance with statutes. Section 251.034, RSMo states that "Payments made under Sections 251.032 to 251.038 to the various regional planning commissions shall be distributed on a matching basis of one-half state funds for one-half local funds. No local unit shall receive any payment without providing the matching funds required. The state funds so allocated shall not exceed the sum of sixty-five thousand dollars each for the East-West Gateway Coordinating Council and the Mid-America Regional Council. The remaining allocated state funds shall not exceed the sum of twenty-five thousand dollars for each of the following regional planning commissions:..." (South Central Ozark, Ozark Foothills, Green Hills, Pioneer Trails, Bootheel, Harry S Truman, Mark Twain, Mo-Kan, Southeast Missouri, Boonslick, Northwest Missouri, Mid-Missouri, Kaysinger Basin, Lake of the Ozarks, Meramec, Northeast Missouri, and Southwest Missouri).
